### 8th Forum for the Future of Agriculture

The SQUARE, Brussels Meeting Center, Brussels, Belgium

<http://www.forumforagriculture.com/>

The Forum for the Future of Agriculture has a programme of activity focused on the food and environmental security agenda, across Europe and the world. The main platform is the annual conference in Brussels. This is established as the premier meeting place for those who have a stake in the future of agriculture and has been addressed by European Commissioners, MEPs, National Government Ministers, Industry Leaders, Farming Entrepreneurs, NGOs, International Economic Leaders, International Organisations and Academics.
