COPING WITH CLIMATE CHANGE AND WATER SCARCITY IN AFRICA AND EUROPE: IMPROVING MONITORING AND WATER USE EFFICIENCY IN AGRICULTURE

May 14 2015

Workshop: Coping with climate change and water scarcity in Africa and Europe: Improving monitoring and water use efficiency in agriculture

EU Pavilion (1st floor, separate entrance) - Milan Expo 2015

The **agenda** of the workshop is attached, and here below is the link to the registration webpage:

http://pomilioexpo.eu/event/552bd6463354a_coping-with-climate-change-and-water-scarcity-in-africa-and-europe-improving-monitoring-and-water-use-efficiency-in-agriculture.html

AGENDA

All registered participants will receive a free entrance ticket to the EXPO (valid only for the day of the event).

NB: Places are limited and only registered people can attend. Therefore, the registrations will close as soon as the room capacity will be reached and, at the latest, on May 25.
